PERIODONTAL HEALTH EDUCATION PROGRAM FOR ANGANWADI WORKERS 15-11-2013, ANGANWADI TRAINING CENTER, PUTHUPALLY, KOTTAYAM

The second periodontal health education program at AWTC, Kottayam was held on 15.11.2013. A team consisting of Dr. Vivek Narayan, Periodontal health care coordinator, SPIK and BDS students from Govt. Dental College, Kottayam participated in the program that benefitted around 30 anganwadi workers from Trichur district who were attending a refresher training course at the center.

The program started at 12:15 PM with a brief but informative lecture in Malayalam by Dr. Vivek Narayan. The talk focused on the major clinical features, causes, possible complications and methods of prevention of periodontal disease. An interactive session followed this lecture in which the anganwadi workers were given an opportunity to raise their queries regarding oral and periodontal health. The dental students also interacted with the anganwadi workers and enquired about the steps taken to enquire about and improve dental health among the children attending anganwadi centers.

Smt. Shobha, the Principal of the Anganwadi training center, then released the Malayalam pamphlet on periodontal diseases prepared by students from Department of Public health dentistry, Govt. Dental College, Kottayam. The pamphlet was then distributed to all participants. One of the participants offered the vote of thanks. The program concluded by 1:30 PM.
